LABELLE TIN MILL STARTS.

NO QUORUM OBTAINED.
The council committee on fire department failed to get a quorum last night, an unusual occurrence for this committee. The only members present were Messrs. Baird and Nesbitt. A lot of routine business was on tap, and it is possible it may be disposed of this evening before council meets.

OPERA HOUSE ORCHESTRA.
One of the most pleasant events that have yet taken place in the history of the Opera House orchestra, was the bi-weekly concert last Sunday evening. The descriptive piece of the second part of the programme was heartily enjoyed, as was also the number for string instruments. This organization always pleases its patrons, but it never gave more satisfaction than it did in the recent recital.

WOOD BROTHERS.
Planing Mill Company Makes an Assignment.
ASSETS CLAIMED TO BE LARGER THAN THE LIABILITIES NEARLY IN THE RATIO OF TWO TO ONE. DULNESS IN THE BUILDING TRADES AND FRICTION AMONG THE STOCKHOLDERS SAID TO HAVE CAUSED THE ASSIGNMENT—THE COMPANY MAY EMERGE SOON IN A REORGANIZATION.

Wood Bros. Planing Mill Company, doing business at Thirty-third and Chapline streets, yesterday afternoon made an assignment to Edward Wagner. The firm was organized in 1890, and has been a prominent one in the building line since, but of late circumstances were such that the assignment created little surprise.

A member of the firm ascribed the assignment to poor business in the past three years, and to friction among the stockholders which resulted in rumors that impaired the firm's credit. The assets are said to be \$53,627 and liabilities \$28,981. There are hopes that the affairs will be straightened out shortly. The firm until recently employed forty-five men, and many more when the building trade was brisker.

The deed of assignment was filed in Clerk Robertson's office at 3:30 o'clock yesterday afternoon, but the assignment had been anticipated since morning, when a member of the firm had filed a mechanic's lien against the company. The deed conveys to Assignee Edward Wagner the three-story planing mill building situated at the corner of Thirty-third, Thirty-fourth and Chapline streets, South Side, on lot 4 of square 4 in the Sprigg & Ritchie addition, also lots 9 and 10 of square 33; wagons, machinery, and all belongings of the company. The assignee is given power to complete all unfinished contracts, to employ workmen, clerks and attorneys. First, out of the proceeds, he is to pay the expenses of his trust, and next pay the creditors without preference, excepting existing liens, of which there is said to be only one. The young men who compose the company will no doubt soon emerge from the troubles which culminated in yesterday's assignment.

TWO MEN HURT
By a Fall of Brick at the Riverside Coke Plant.

At the Riverside coke plant in Benwood, yesterday morning, two men unloading brick were seriously injured by a fall from a scaffold to a trench below. They are William Dunning, of Gravel Hill, Bellaire, and Charles Dittman, of North Benwood. In the accident a pile of brick was precipitated with the men, and they luckily escaped from being crushed to death. Both men were bruised in different parts of the body, but Dittman's injuries are the more serious, and Dr. Alley, the attending physician, fears he is hurt internally. Dunning was taken to the Emergency hospital, Benwood, and after it was seen he wasn't hurt seriously he was removed to his home across the river. Dittman is at his home in Upper Benwood. Both men were laborers working upon the new plant.
